

Respecting others and keeping everyone safe

Restrictions have been relaxed and everyone is now able to attend Sunday services without pre-booking or signing in. It is also no longer necessary to wear a face covering – unless you choose to do so. However, sanitiser will remain freely available on the premises – please do use it.

We understand that some people would prefer to maintain social distancing. If you are one of those people, please just have a quiet word with one of the stewards on your way in and they will guide you to a suitable seat. And it will be fine if you would prefer to stay just for part of the service.

We ask everyone at the church to respect the views of others. Some people will be happy to mingle freely, others won't. Please show consideration and care, thereby contributing to the safety and wellbeing of everyone present.

Finally, if you have any symptoms of Covid-19 or feel unwell, do not attend!

THANK YOU
